

**PRODUCTION SALE:**  
**MARCH 24th, 2025 @ NOON**  
**DWIGHT, KS**

**Terms:** Sales are processed through cash or check. Each animal will be sold to the highest bidder with the auctioneer settling any disputes as to bids. Announcements from the auction block take precedence over printed matter. **A base price of \$2,500 will be set on all bulls.** All persons attending the sale do so at their own risk, and owners assume no liability, legal or otherwise, for any accidents.

**Cattle Health:** All cattle are guaranteed breeders. Heifers have been calfhood vaccinated and have received all their shots. All bulls will be vaccinated for leptospirosis. All bulls are AMF, NHF and IE free. Bulls can be trich tested to meet state requirements. Official health certificates can be supplied if requested.

**Breeding Performance:** KABSU Manhattan will semen test and take scrotal measurements on all bulls. Fall bred Heifers will be preg. checked.

**Bull Guarantee: 90 day breeding season guaranteed. NO FINE PRINT.**

Some breeders want to replace a bull instead of giving credit when a bull goes bad, saying that forces a customer to buy again. How can that breeder replace a bull of like kind and value in the middle of the breeding season when his replacement bulls have been picked over? We let our customers use a bull to get them through the breeding season and then use their credit to buy a bull of their choice, not a replacement bull that they didn't want in the first place.

**Delivery: Free delivery 300 miles on purchases of \$3,000 or more to central points.**
